Dear Parents/Guardians,

As the school year opens up, we sincerely hope you and your families are healthy and in good spirits. Thank you for your patience and understanding, as we all continue to adjust to the realities and challenges of this pandemic. The Covid-19 impact on our schools and communities is rapidly changing by the minute, therefore our action plans and response must evolve accordingly. In previous discussions, we identified August 17, 2020 as the beginning of the hybrid model of instruction start date. Since then, further information and recommendations from The Arizona Department of Health Services (ADHS), in consultation with Local Health Departments, have been released. Per their guidance and based on information provided on the ADHS dashboard at https://www.azdhs.gov/, Pima County does not meet the recommendations for hybrid learning consideration. Due to the complexity of this virus and the desire to keep our students, families and community safe we will not be opening campus for hybrid instruction on August 17, 2020. At this time our identified date for opening campus for the hybrid model of instruction is Monday, August 31, 2020 pending alignment with guidance set out by ADHS and health officials.

As per Governor Ducey’s Executive Order 2020-51, Changemaker High School will be providing onsite support services for those students who absolutely need a place to access remote school educational programming, strategic educational support, and supervision during regular school hours, beginning August 17, 2020. Please consider carefully the need for these services, so that we can maximize the purpose of the program. We will begin to provide access at some schools based upon available staffing and physical space, complying with Centers for Disease Control and Prevention Guidelines. Please understand this is not teacher-led instruction and all students who can learn from home should continue to learn from home.

Please contact us to request enrollment in the Onsite Remote Learning opportunity only if your student(s) will need onsite distance learning supervision beginning Monday, August 17, 2020. Families who qualify for this service will receive a follow-up confirmation email and/or phone call with specific information for Onsite Remote Learning Supervision.

To stay most up to date, please enroll in our Class Dojo school messaging system if you have not done so already, regularly check the school’s website, and follow us on our social media pages. For specific questions, please feel free to email us at Unidos@changemakerhighschool.org or call us Monday thru Friday from 9:00 A.M. to 1:00 P.M.

Sincerely,

Changemaker High School Administration
